Dear Parents

It has been another very busy fortnight at Canterbury South Public School.

Our demountable classroom has now arrived and what an exciting afternoon it was. The building is currently being prepared for handover prior to the end of term. Once we have a better idea of student numbers and classes for 2016 and once the furniture arrives, a class will be allocated to this new space.

E-safety

Thank you to all the parents who came along to the e-Safety Presentation given by Mira Danon a leading Australian internet safety expert who works with schools, teachers, families, universities and law enforcement. I know that every person in the room walked away feeling a little more empowered and with a check list of things to do. I look forward to inviting Mira back in 2016 to deliver another engaging and insightful presentation. Well done to our two lucky families who both won a Samsung mini tablet as our lucky door prizes, I’m sure they will make fantastic Christmas gifts.

Until next time.... Daniela Frasca Principal
Debating Team

On Thursday the 12 November Elysia, Sophie, Nate and Izzy competed in the grand finals of the Sydney Public Schools Debating Competition. By the end of the competition, we came second out of 97 schools. The topic on the day was that "The Australian government should increase immigration," and we were the negative, debating against Arncliffe Public School. We also want to recognise Sophie, who debated with us all season, but could not be with us at the grand final. Thank you Nate for stepping in. We are very honoured and proud of our debating team as Canterbury South has never gotten this far.

Did you know?

- Australians are among the highest users of technology, and e-waste is one of the fastest growing types of waste.
- 17 million televisions and 37 million computers have been sent to landfill up to 2008.

In a joint venture with Canterbury City Council, our school is inviting all community members of Canterbury South Public School to dispose of school and household E-waste using the new bin provided.

WHERE?
The bin is located at the entrance to the Administration Building.

Is dried fruit OK for Crunch&Sip®?

Although fresh fruit is the best choice, a small amount of dried fruit (eg sultanas or apricots) is an acceptable Crunch&Sip® option.

Dried fruit tends to cling to the teeth, so is best eaten with a meal or when a toothbrush is handy.

NOTE fruit straps, bars or rolls are NOT permitted as they contain large amounts of sugar.

5 reasons to pack a mandarin for Crunch&Sip®

1. They are sweet and juicy. Kids love them!
2. They are nutritious - full of vitamins and fibre
3. They come in their own biodegradable packaging
4. They don’t bruise easily
5. They are a perfect size for kids to eat during Crunch&Sip®
